

MONISH DHAGA

Faridabad, Haryana • 9717029511 • dhagamonish00@gmail.com • linkedin.com/in/monishdhaga

Passionate Application Developer, delivering outstanding quality and service. Offering experience in the IT industry with history of recognition for performance.

SKILLS

Data Analysis: Advanced MS Excel, SQL, Data Visualization, Statistical Analysis

Programming: Python, Java

Database: MySQL, PL/SQL, SQL Server, Data Warehousing

Business Intelligence: SSRS, Tableau

Project Management: Agile Methodology

PROFESSIONAL EXPERIENCE

Developer

Tata Technologies Limited, Pune

AUGUST 2022 – Present

- Contributed to the seamless integration of MES solutions, enhancing manufacturing processes and productivity.
- Achieved a 20% improvement in database query performance by developing efficient stored procedures in SQL, optimizing data retrieval processes and enhancing overall system efficiency.
- Utilized SSRS (SQL Server Reporting Services) to design and deploy comprehensive reports, providing stakeholders with actionable insights and data-driven decision-making capabilities.
- Developed and maintained MES applications using technologies such as MySQL, Java and Git.
- Successfully implemented database replication for multiple tables, ensuring 99.9% data consistency and availability across distributed environments.
- Leveraged my expertise in DBMS to design, develop, and deploy useful and user-friendly MES applications for project-specific manufacturing workflows.
- Managed redevelopment of internal tracking system in use by project clients, resulting in 3+ new features, reduction of 30% in load and operation time.
- Experienced in agile methodology for quick issue resolution and solution implementation.
- Played a key role in troubleshooting and resolving database-related issues, employing strong problem-solving skills and attention to detail to deliver timely resolutions.
- Implemented triggers to enforce data integrity constraints and automate business processes, enhancing system reliability and reducing manual intervention.

Network Engineer Trainee

Capgemini IT, Gurugram

JUNE 2022 – July 2022

- Replicate the customer issues in lab environment. Work with engineering teams to replicate customer issues and test possible fixes.
- Provided front line technical support to debug networking problems by replicating the customer issues of diverse scope.

EDUCATION

Manav Rachna International Institute of Research and Studies, Faridabad, IN
Bachelor of Technology in Computer Science and Engineering

JULY 2018 – June 2022

CERTIFICATIONS

- [HTML, CSS, and JavaScript for Web Developers - Coursera](#) 2021
- [Microsoft Office Specialist](#) 2017
- [SQL Certification - Hackerrank](#) 2024
